Artworks Creative Communities is a Bradford-based registered charity and an Arts Council England NPO that has **been delivering innovative projects that use creativity as a force for change since 1998. We use creative activity to improve wellbeing, concentrating on those who are least heard and most disadvantaged.**

Artworks use an innovative and exciting mixture of artforms and creative approaches and are looking to develop experimental digital projects. We work with professional artists and communities, and in partnership organisations and businesses across all sectors.

This year Artworks has worked to develop a clear strategy for moving forward as an Arts & Wellbeing organisation and has been building a solid financial foundation and carrying out an organisational restructure in line with our new objectives.

Being a Trustee is a **legal responsibility**, as well as a great way to support a cause that you are passionate about. We are looking for people who are **enthusiastic** and **committed**, and who want to **contribute** to the future of our charity. We do not expect you to be knowledgeable about the arts, but it is important that **you support what we do. You will have a forward-looking, global outlook, celebrate diversity and be passionate about the arts and the power of creativity in transforming health and wellbeing.** Meetings are normally held monthly, at our city-centre base of the Delius Arts & Cultural Centre, currently we meet via Zoom.

We are actively seeking to ensure our Board is diverse and representative of the communities we serve. We especially encourage applications by people who have experienced refugee or asylum-seeking status, people from LGBTQ+ communities, people of all genders, Black, Asian and ethnic minority backgrounds and people with all abilities or who experience long term health conditions.

We are seeking to recruit three new Trustees and are ideally looking for individuals who have expertise in one or more of the following areas:

- Advocacy, campaigning and influencing
- Arts health research
- Change management
- Community Development
- Education
- Enterprise and business development
- Facilities management
- Financial management and Fundraising
- Governance, HR/personnel, Legal
- Practising artist (any discipline)
- Press, Marketing and Communications
